Comments: None received. Decision: Approved. No
instrument of equivalent scientific value to the foreign
instrument, for such purposes as this instrument is

intended to be used, is being manufactured in the United States at the time the instrument was ordered. Reasons: Each foreign instrument is an electron microscope and is intended for research or scientific educational uses requiring an electron microscope. We know of no electron microscope, or any other instrument suited to these purposes, which was being manufactured in the United States at the time of order of each instrument.

Dated: July 17, 2014.
